# Commercial fuel delivered with a smile

We supply businesses with the products they need to keep their business moving.

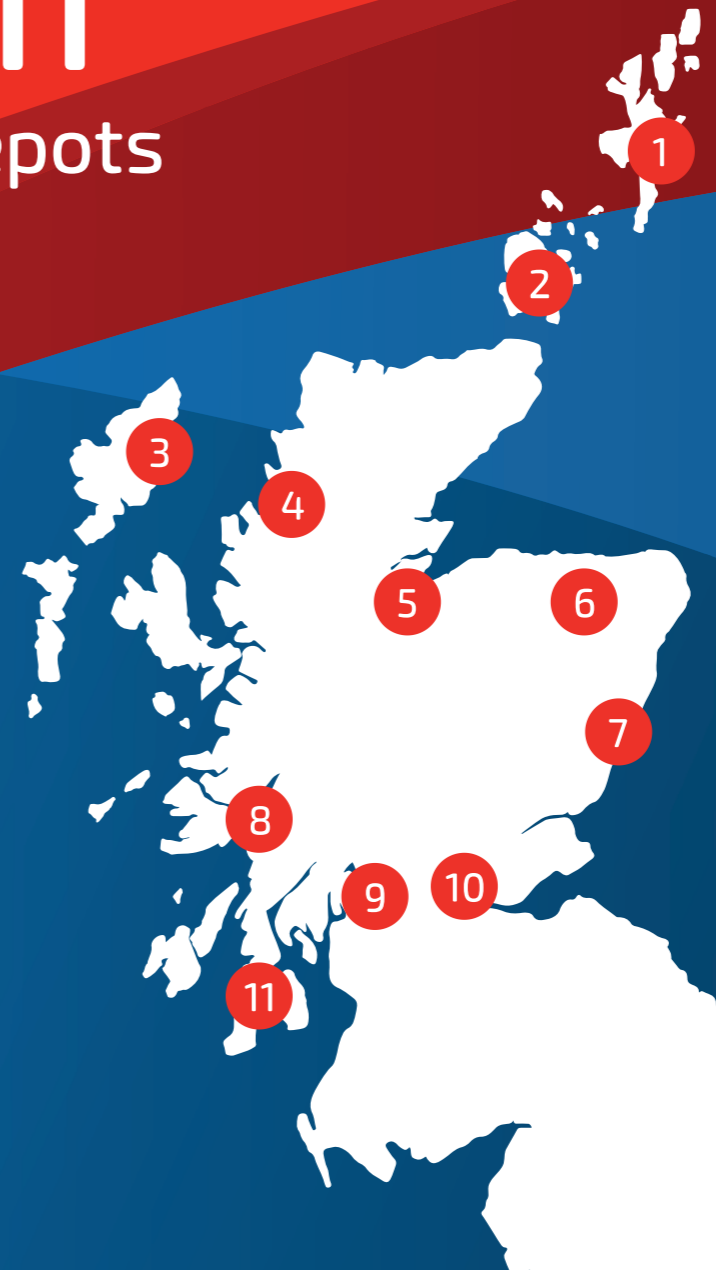

With 11 depots and a large vehicle fleet, we can supply businesses from a wide range of industries throughout Scotland and the north of England.

We take pride in the fair prices and excellent service that our customers have come to expect from us. Our knowledgeable sales team not only assists our customers but also take the time to brighten their day too.

In a recent independent survey, 94% of our commercial customers said they would order from us again. Our customers describe us as friendly, professional, and dependable, and getting feedback like this makes our day.

## 11 Depots

1. Lerwick
2. Scapa
3. Stornoway
4. Ullapool
5. Inverness
6. Huntly
7. Montrose
8. Oban
9. Clydebank
10. Grangemouth
11. Campbeltown

Commercial customers would order from us again

## Marine fuel when and where you need it

### Source your marine gas oil and HVO from an independent supplier with over 60 years of experience.

Our UK-sourced MGO is suitable for all types of vessels, from pleasure craft and fishing boats to ferries, oil rigs, and supply vessels.

We offer fast ex-pipe delivery from our fuel bunkers as well as truck deliveries to seaports, inland ports, and canals across Scotland.

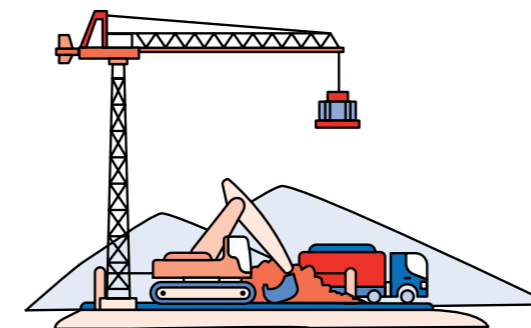

As well as getting access to competitive pricing, you'll be well looked after if you choose Highland Fuels. Our customers benefit from our hugely experienced sales team and we'll work with you to be there when you dock.

## Build on our construction sector experience

### Supplying fuel, lubricants, AdBlue, and HVO for the construction industry.

We have over 60 years experience delivering fuels and lubricants to keep the construction industry moving in Scotland and the north of England.

We have an extensive fleet of tankers that help us to meet the needs of our construction clients, and we also supply tanks for on-site fuel storage with telemetry built-in so that you never run out of fuel.

## Supplying the agriculture sector since 1957

### Supplying red diesel, AdBlue, HVO, and heating oil to farms, whatever the weather.

Working for farmers and their families is at our roots. We know that farming isn't a 9-5 job so we're available whenever you need us.

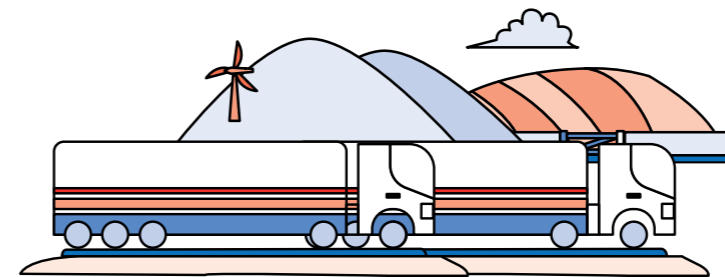

We pride ourselves on giving our agriculture customers across Scotland the fair prices and outstanding service they've come to expect. What's more, our drivers get to know your farm personally, so you don't need to be there to receive deliveries.

## Keeping the haulage industry moving

### Fuel your fleet with the friendliest independent fuel supplier.

We know how time-critical things can get in the haulage industry and how important it is for our customers to receive fuel deliveries exactly when they expect them.

We can supply road diesel to your site using our rigid and artic fuel tankers. If you need extra storage, that's no problem – we can supply dispensing tanks for fuel too.

Do you manage a fleet of vehicles and need a fuel card supplier you can trust? We'd love for you to try out our fuel card, which provides businesses with a UK-wide, easily accessible refuelling network.

Retail

Industrial

# Become part of the Highland Fuels family

# Fueling industry across the country

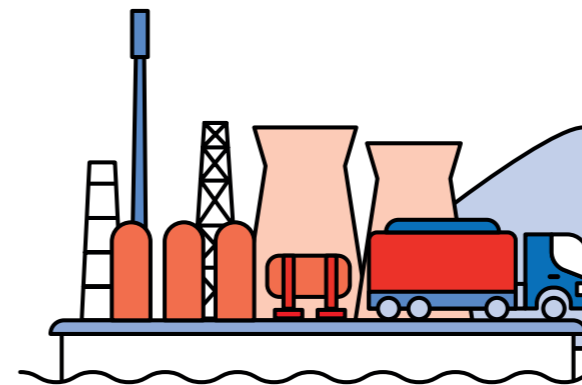

## Provide the community surrounding your petrol station with a trusted retail brand.

As well as being a leading independent supplier of commercial fuel to petrol stations across Scotland and the north of England, we also own and operate retail forecourts. By joining the Highland Fuels network, you will be able to access a valuable network of retailing experience across the country.

We supply diesel, unleaded petrol, and super unleaded petrol, as well as lubricants and fuel additives when you need them. We also offer flexibility around delivery times to suit your business.

## Buy your commercial fuels and more from a friendly independent supplier.

We supply fuel to customers working in a variety of industries, including distilleries, manufacturing plants, factories, energy generators, civil engineering projects, and food and beverage manufacturers.

Depending on your business and your requirements, we can provide bulk diesel, HVO, industrial heating oil and kerosene.

Renewable liquid fuel

Fuel card

# Working hard to support the UK's net zero targets

# The best value fuel card for your company

## Reduce your carbon emissions with renewable diesel.

We can help you achieve your goals with renewable and sustainable replacements for diesel which will generate up to a 90% reduction in CO2 emissions.

Renewable diesel is ideal for anyone operating diesel-powered equipment in the haulage, agricultural, construction, industrial,

manufacturing, and heating industries, as well as in the marine, power generation, and vehicle operator sectors.

Whether you operate on land, at sea, or in the air, our knowledgeable sales staff can assist you in switching from conventional diesel to a green, renewable alternative.

## Fair and consistent weekly fixed pricing for all customers.

Our fuel card offers businesses a UK-wide, easily accessible refuelling network that reduces fuel costs, administration time, fraud risks, and assistance in optimising fleet and driver performance.

Whether you're a small business with a few vehicles or a larger company with a fleet to manage, our fuel card offers competitive refuelling across thousands of retail forecourts.
